Collection Tasking Staff

30 MAY 1978

MEMORANDUM FOR: Admiral Daniel J. Murphy, USN (Ret.)
Deputy Under Secretary of Defense for Policy

FROM:

[REDACTED]
Deputy to the DCI for Collection Tasking

SUBJECT: Request for Space in the Pentagon

1. As a result of discussions between the Secretary of Defense and the DCI concerning the desirability of locating major elements of the NITC in the Pentagon, I have reviewed my operation and determined we could effectively locate approximately 60 personnel at the Pentagon. This number includes my Headquarters office, the NITO Team for Crisis Management, and the Offices of PHOTINT, SIGINT, and HUMINT Tasking.

2. Informal discussions between your staff and mine indicate 800 square feet of space adjacent to the Central Collection Facility can be made available for NITO/Crisis Management operation as well as appropriate working space for analysis task force personnel during periods of crisis. These appear to satisfy our needs for space (including an office for the DCI) next to the CCF.

3. Space for my Headquarters, PHOTINT, SIGINT, and HUMINT Tasking Offices must be located together in a secure area close by the Operations Area with suitable communications and logistical support.

4. I hope we can work out suitable arrangements so that we can begin moving into the Pentagon by early August and complete the move by early October when my full complement comes aboard. My Administrative Officer, [REDACTED] is available to work out the details.
